

SIMPLIFY THE COMPLEX. ENTERPRISE ARCHITECTURE CONSULTING

The aim of Enterprise Architecture Consulting is to help organisations to create and execute enterprise wide strategies that deliver real business value. By aligning the organisations' sub-architectures to the goals and drivers of the organisation the architect can help manage the transition from the 'current state' to a desired or 'future state'.

GLUE REPLY EA CONSULTING

Glue Reply consults to:

- Categorise & organise the resources and assets
- Provide principles and standards
- Plan and execute strategy
- Evaluate options
- Deliver architectures

Glue Reply believe the architecture lifecycle must be supported by more than just a framework, it requires rigorous methods & process, reference points and experience. This in turn creates consistent, coherent repeatable outcomes with well defined transitions between both sub-architectures and levels of abstraction. Glue Reply have a very practical and pragmatic standpoint to Enterprise Architecture, and whilst able to articulate the theoretical concepts, Glue Reply's focus is in making enterprise architecture real, meaningful, valuable and deliverable in the specific context of our client's organisation and environment.

CONSULTING & DELIVERY

Enterprise Architecture has become one of the key mechanisms that enable business and IS/IT functions to work more harmoniously together and move IS/IT from often being a cost burden to becoming a key organisational enabler with genuine value and benefit.

The aim of Enterprise Architecture Consulting is to help organisations create and execute enterprise wide strategies that deliver real business value that is tangible and measurable. Glue Reply primarily utilise our own well proven methodology as part of client side consulting and delivery, although we are able to utilise standard frameworks such as TOGAF, MODAF, Zachman, etc..., as well as apply those architectural perspectives onto our own methodology.

Glue Reply has a very practical and pragmatic standpoint to Enterprise Architecture, and whilst able to articulate the theory, Glue Reply's Enterprise Architecture Consulting Practice focus is on making enterprise architecture real, meaningful, valuable and deliverable in the specific context of our client's organisation and environment.

Glue Reply also provides programme, solution and domain architecture support and delivery capability. This capability includes access to a wealth of Glue Reply intellectual property that can be brought to bear in order to help accelerate and de-risk architecture delivery.

Glue Reply is UK's leading consulting services organisation focused exclusively on optimising IT/Business alignment and minimising the cost of business and IT technology change. Our core proposition is to help organisations maximise the value from their change and technology investments by helping them define, design, implement and resource best practice:

- Enterprise architecture and business/technology change management processes, roadmaps and competencies;
- Business design and process management initiatives;
- SOA, integration and data management platforms.
