

## BI ASSURANCE MANAGER

Glue Reply is looking for the right type of people to join its dynamic team. You will need to demonstrate the ability to consult with a track record that shows that you have good communication skills, team skills and relevant domain knowledge. To thrive in the Glue Reply environment you will need to excel in the areas of self-motivation, self learning and adaptability. The world in which Glue Reply operates is a fast moving and dynamic business and the Glue Reply culture has to reflect this environment. Prior to joining Glue Reply you will be evaluated against our list of performance guidelines. The results of this and subsequent assessments will form the basis for your development plan.

Glue Reply is UK's leading consulting services organisation focused exclusively on optimising IT/Business alignment and minimising the cost of business and IT technology change. Our core proposition is to help organisations maximise the value from their change and technology investments by helping them define, design, implement and resource best practice:

- Enterprise architecture, incorporating the information and data architecture domains
- Data management & data governance
- Business and technology change management processes, roadmaps and competencies
- Business design and process management initiatives
- SOA and integration architecture, methods and platforms
